

6336/6336A

SOFT SERVE FREEZER

Single Flavor, Floor, Digital Control

Powerful & Versatile

Most compact high capacity single flavor model to serve ice cream, frozen yogurt and much more

Fast Freeze Down

Patented high efficiency heat exchanger allows fast freeze down with low energy consumption

Digital Control and Display

Microprocessor control provides access to system settings and additional functions. Digital interface displays critical info as system status, temperatures, dispense count, errors, etc.

Low Mix Indicator

Light turns "ON" at low mix to alert operator to add mix

Self Closing Dispensing Valve

Automatically prevents product overflow after dispense

Dispense Speed Control

Provides flexibility in dispense rate control for different applications

Ideal for high volume restaurants, fast food chains and dessert stands to serve large crowds ice cream, frozen yogurt, gelato or sorbet. Fully loaded with all standard options.

Hopper Agitators

Maintain product consistency and prevent product separation

Auto Programming

Allows automatic switching of operation modes based on preset schedules

Standby

Maintains product temperature in both mix hopper and freezing cylinder below 4.4°C (40°F) overnight

Safety Protections

- Low temperature and motor overload shutoffs to protect in the event of cylinder freeze up
- High pressure switch to prevent compressor overheating
- Thermal overload to protect from motor overheating
